Bisol "Jeio" Prosecco Italy NV

Nothing says "Thanks Mom" than a bottle of sparkling. This lovely offering from Bisol is light, fresh and clean, only hinting at the fruitiness that other producers take to excess. The bubbles playfully tickle your tongue, the just ripe stone fruit elements satisfy your soul, and the delicate mineral finish keeps you coming back for more. The wine has enough structure to stand up to Chef's to-die-for crab cakes, yet maintains the delicacy to dance with the scones and mascarpone (if it lasts that long). So, pop that cork and give a big 'ole cheers to the lovely ladies that made ya!
